

SYNTHETIC ONLY - Project Atlas Process Performance Kickoff

Scope: demonstrate local document retrieval without real HR data.

The benchmark joins PDF, DOCX and XLSX evidence.

Rule R-42

Q3 people-process on-time target is 95 percent.

The canonical workbook metric is MET-HR-02.

Control note

MET-HR-01 has a 90 percent target and is a deliberate distractor.

No Q4 budget target is defined in this fixture.
